Subject: Rodenticide Restrictions

Dennis,

Please see this link for a summary of the new restrictions:

<http://www.epa.gov/pesticides/reregistration/rodenticides/finalriskdecision.htm#summary>

As we discussed, what is on the pesticide product label is the law. If the label states "do not sell in packages sizes smaller than x" or "not for individual sale," selling that product in a way that contradicts or defies language on the label is a violation of the law.

Please let me know if you have any further questions.

Regards,

Rusty
